Forecast for Sunday 13 Jun 2021

Weather: Low cloud across western ranges burning off through the morning, although this may take until the end of the morning down across the more western Perthshire hills. Otherwise dry with some sunshine before low cloud and some light rain spread southeast across the area from early evening onwards.

Chance of cloud free mountain/hill tops above 800m: 80%

Visibility: Poor in low cloud down to 500 metres at first in the west, this burning off in the morning. Otherwise good visibility with little in the way of cloud on the summits. Low cloud between 500 and 800 metres extending southeast in the evening.

Met Office Aberdeen Meteorologist's View
Be prepared for sunburn and dehydration on long hikes, especially in the east. Strong winds at height with gusts to 50 mph or so on the higher tops.

Forecast for Monday 14 Jun 2021
Weather: Chance of a few light showers, mainly in the west. Otherwise often dry with some sunny intervals. Windy with westerly gales at height making feel it cold.

Maximum wind: Westerly gusts to 50 or 60 mph on the higher tops

Chance of cloud free mountain/hill tops above 800m: 80%

Visibility: Generally very good with some patchy cloud around 800 to 1000 metres, this mainly across the west

Temperature: **Glens:** Plus 6 rising to 16 Celsius
At 800m: Plus 7 Celsius
Freezing level: Above summits
